

UFO caught over Hitchcock, Oklahoma, on October 2018

On October 9, 2018, a witness was taking pictures of landscapes in Hitchcock, Oklahoma. Without knowing it, there was UFO on image. What is it?

Witness report:

“I was at my Moms taking a photo of my Moms flooded pasture. I did not see the object when I took the photo, And noticed it afterwards and was quite shocked. My husband also was shocked at this appearing in the photo, and thought it may possibly be a U F O.I was a bit excited and scared at the same time. Seems silly, because I've never been much of a believer in these things, always said I would have to see it for myself to believe it was true. This may be the proof I need!”
