

# Curious UFO captured in Palm Springs on September 2000

R  
object  
2000 ...

[UFOCasebook?](#)

**unidentified flying**  
[Palm Spring \(Arizona\)?](#)

## **Statement:**

*&ldquo;In September 2000, I was traveling around Route 66 in Arizona and took a photograph with a strange object in it.*

*Actually I was just taking pictures of the scenery. So I was not aware of that flying object then.*

*The reason why I'm going to report to you is that I want to find pictures of a similar shaped UFO.*

*The aperture value is f16 and shutter speed is 1/160. That is "pan-focus," so that means the flying object is moving so fast.*

*I was looking for the similar one in your web site, but could not find it.*

*Please let me know if you have any info about it and hope this would be helpful for your work.*

*Camera - FinePixS1Pro*

*Thanks and Best Regards*

*Yasuhiko Otani*

*Tokyo, Japan*&rdquo;
