A football star said, via his [Twitter](#) account, that he saw a **UFO**. He says he is sure and certain of the paranormal and supernatural nature of this apparition ...

Baker Mayfield is currently quarterback for the Cleveland Browns in the NFL. On Wednesday, March 3, 2021, he was at Lake Travis, Texas, with his wife Emily. They would then have seen a UFO hovering over this lake. He testified on Twitter:

“Almost 100%, Em and I just saw a UFO drop straight out of the sky on our way home from dinner... we stopped and looked at each other and asked if either of us saw it... Very bright ball of light going straight down out of the sky towards Lake Travis. Anybody else witness this?”
