

## 3 circular UFOs seen in Lynchburg, United States

On September 22, 2023 at 8:15 am, a witness observed **three light grey metallic saucer-shaped objects** in the sky near Lynchburg Airport in Virginia, USA.

The objects were arranged in a non-equilateral triangular formation and were seen for approximately 15 seconds. The witness also noticed a small plane passing near the objects. When he tried to take a picture, the objects had disappeared. The witness stated that he was a professional on his way to work and had never seen anything like it before.

This event was reported to the National UFO Reporting Center (NUFORC) and was published on their website. NUFORC is a trusted agency used by pilots, military personnel, law enforcement, and civilians to report UFO sightings. All reports are freely accessible to the public.
