

Inside The Twisted College Sex Cult of Lawrence Ray

Larry Ray is infamously known for manipulating and exploiting a group of students from Sarah Lawrence College, a small elite school in New York. In 2010, he moved into his daughter's dorm and, under the guise of helping students with their personal issues, exerted a devastating psychological hold over them. Ray used mental manipulation, sleep deprivation, and violence to isolate and control his victims, coercing them into giving him hundreds of thousands of dollars and engaging in degrading acts. His reign of terror lasted nearly a decade before his arrest in 2020.
